Primary care medication update

Patient: Ramesh Mehta DOB: 1952-03-11 Sex: Male ID: ELD-2026-014
Encounter date: 2026-02-16

Medication list

Metformin XR 500 mg - 2 tablets with breakfast and 1 tablet with dinner. Sitagliptin 100 mg - 1 tablet after lunch. Telmisartan 40 mg - 1 tablet every morning. Rosuvastatin 10 mg - 1 tablet at bedtime. Methylcobalamin 1500 mcg - 1 tablet after breakfast.

Monitoring instructions

Family caregiver should confirm that morning and bedtime tablets are taken daily. Keep fasting sugar log and record evening blood pressure three times weekly.

Follow-up

Repeat renal panel and potassium after medicine adjustment in 3 weeks. Bring medicine packets and sugar log to the next appointment.
