Primary care medication update

Patient: Ramesh Mehta DOB: 1952-03-11 Sex: Male ID: ELD-2026-014
Encounter date: 2026-06-05

Medication list

Metformin XR 500 mg - 2 tablets with breakfast and 1 tablet with dinner. Sitagliptin 100 mg - 1 tablet after lunch. Telmisartan 40 mg - 1 tablet every morning. Rosuvastatin 10 mg - 1 tablet at bedtime. Methylcobalamin 1500 mcg - 1 tablet after breakfast.

Monitoring instructions

Family caregiver should confirm the morning and bedtime tablets are taken daily. Keep a fasting sugar log and evening blood-pressure log three times per week.

Follow-up plan

Primary care medication review appointment scheduled for 2026-07-01. Repeat renal panel before that visit and bring the updated home readings.
